InMac

**The Essential Machinery Show for
Sri Lanka's Garment Industry**

Presenting the premier International Textile & Garment Machinery Show - InMac Sri Lanka - with cutting-edge technology and innovation specifically tailored for Sri Lanka's vibrant garment and apparel industry.

Created as the complete B2B show, InMac 2024 marks a pivotal moment for the Sri Lankan industry. With advancements in technology, such as robotics, artificial intelligence and machine learning reshaping the way garments are manufactured, InMac empowers you to witness the convergence of cutting-edge Smart Technology & Innovation for Industry 4.0, propelling manufactures and exporters towards unparalleled efficiency, sustainability and global competitiveness.

The Sri Lanka Advantage

Globally renowned as the manufacturer of 'garments without guilt', Sri Lanka exported apparel worth $4.53 billion in 2023. The country has progressed the fastest in moving up the value chain in the region with manufacturers progressing into design and retail. The Sri Lankan garment and textile industry is moving strongly in developing backward linkages and creating a value chain helping manufacturers cut production costs and improve efficiency.

To keep pace with the growing apparel exports, in 2022, Sri Lanka imported sewing machines & parts worth $40.8 million, machinery for finishing and other processes worth $23.8 million, knitting & auxiliary machines worth $31.8 million, etc.

Sri Lanka's garment industry holds immense potential, but the global market is evolving fast. Staying relevant and competitive requires embracing smart technology and innovation. With early adopters of AI, automation and digitalization reaping the rewards, InMac is the only platform connecting Sri Lankan garment exporters with the cutting-edge solutions they need to thrive.

Join us @ InMac 2024
The Cutting-Edge Machinery Show Future-Proofing the Sri Lankan Apparel Industry

Smart Technology & Innovation in Machinery

InMac – Sri Lanka's game-changing industry platform empowers you to:

Unveil the future: Access cutting edge technologies of industry-leading garment manufacturing machinery, automation solutions, AI-powered tools, and digitalization advancements

Outpace the competition: Stay ahead of the curve with the latest garment manufacturing machinery, and technologies designed to optimize production processes and boost your bottom line.

Smart Solutions to reduce costs: Implement smart solutions to minimize waste and optimize energy consumption, leading to significant cost savings.

Unlock new markets: Explore lucrative opportunities in emerging markets and cater to the global demand for sustainable and ethically-sourced apparel.

Connect with the innovators: Network with global industry leaders, renowned manufacturers, and influential brands, fostering valuable partnerships and knowledge exchange.

Shape Sri Lanka's textile story: Be a driving force in shaping the sustainable and profitable future of the Sri Lankan garment and apparel industry.

InMac has been created as the complete B2B show for the garment and textile machinery. Conceived by the makers of Intex South Asia – the largest textile and apparel sourcing show in South Asia – InMac (venue SLECC) will run concurrently with Intex South Asia (venue BMICH) thus presenting a complete sourcing, manufacturing and production solution to the Sri Lankan industry.

Testimonials

This is the first time we are participating at the show and we are very happy to be a part of it. As far as the organizing goes, I am very happy with the whole set up and everything that has been provided. Most importantly the visitors who attended the exhibition are quality and mainly from the textile and apparel industry not anybody and everybody and this is what we exhibitors look forward to and that has been achieved. Hopefully some of the leads we got will generate into good business in the future. I am sure, similar exhibitions of this nature will really help the industry locally.

Weera Industries (Pvt) Limited.

Weera Industries Pvt. Ltd., *Sri Lanka*

Intex Sri Lanka was vibrant for all three days. We saw tremendous footfall at our booth with bulk merchandisers as well as senior management seeking serious consultations with us. We even reached the international stage, meeting with global representatives from Egypt and Hong Kong. Huge thanks to Worldex for making it happen!

Buyer Categories

- Agents of Textile Machinery & Accessories
- Agents of Garment Machinery & Accessories
- Apparel Brands & Fashion Labels
- Buying Houses & Buying Agents
- CEOs, Engineers, and Technocrats
- Dealers of Textile & Garment Machinery & Accessories
- Distributors of Textile & Garment Machinery & Accessories
- Domestic Apparel Brands & Retailers
- Dyeing & Finishing Companies
- Fashion & Textile Designers
- Factory & Production Heads
- Garment Manufacturers & Exporters
- Government Bodies
- Importers of Textile Machinery & Accessories
- Industry Associations & Chambers of Commerce
- Knitwear Manufacturers & Exporters
- Marketing Chiefs and Consultants
- Purchase Managers & Procurement Heads
- Research with Inspection & Analysis Department
- Sourcing offices of international brands & retailers
- Textile Design Studios & Institutes
- Textile Manufacturers & Exporters
- Textile Printing Houses

Exhibit Categories

- Computerized Sewing
- Digital Printing
- Computerized Embroidery
- Laundry & Fabric Washing
- Fusing
- Button Hole
- Chain Stitch
- Interlock
- Steam Press & Industrial Irons
- Label & Packaging
- Fabric Spreading
- Fabric-Cutting
- Fabric Inspection & Testing
- Robotics
- Colour Testing
- CAD - CAM
- 3D Design
- Fashion Trends
- Supply-Chain Management Software
- CRM
- AI-Based Software
- Solar Panels & Solar Roofing
- Furniture & Automation Systems for Garment Factories
- Spare Parts & Accessories of Garment Machines
- **and more**
